Introduction

This document provides details about all Premium Services offered by Korek including SMS and IVR services.

As a Korek customer, you can enjoy the most from you mobile phone with all the information and entertainment you need at your fingertips.

There are a number of ways to subscribe to premium services. You can send the corresponding service keyword (numeric, letter or word) to the service's designated short code or follow the IVR prompts.

That's it! You'll get the Korek text message within a minute with the information you asked for.

1. Short Code

Short codes (also known as short numbers) are special numbers designed to be easier to read and remember than normal telephone numbers. It's widely used for value-added services such as television program voting, ordering ringtones, charity. Messages sent to a short code can be billed at a higher rate than a standard SMS or free.

2. MO SMS

Mobile-Originated Short Message Service. The message that the customer sent to the Short codes from his own mobile. The SMS can be free or paid depending on the service type

3. MT SMS

Mobile Terminating- Short Message Service. The message that terminated in the customer mobile and the message could be free of charge or paid depending on services type.
